G. H. Harlow was down from Clear creek Friday attending to an attachment suit, a renter trying to move off a crop. He has a field of 120 acres of corn which averaged 70 bushels to the acre.

That dark brown taste and horrid breath you have in the morning is caused by an inactive liver; some medicines relieve for a while; others for a few days, but Herbine cures. 50c. P. Shanahan.

The union Thanksgiving service at the Presbyterian church Thursday was well attended and impressive. Rev. Thos. Lloyd preached a very excellent sermon and the music was good.

Ballard's snow liniment cures rheumatism, neuralgia, headache, sick headache, sore throat, cuts, sprains, bruises, old sores, corns, and all pain and inflammation. The most penetrating liniment in the world. Try it 25 & 50c. P. Shanahan.

Street Commissioner Spencer will ship several car loads of pulverized stone from the mines in Missouri with which to finish the streets here. The work going on now seems satisfactory to all.

It is not what a manufacturer says about his own medicine that cures a patient, but what the medicine does. Ballard's hyerhound syrup does the work and does it well. It cures coughs and colds in a day. Its healing, soothing and quieting. 25 & 50c. P. Shanahan.

It is believed Bryan Snyder, who came with the Texas management to the Frisco, will be appointed general passenger agent, to succeed B. L. Winchell, who goes back to the Union Pacific, Denver & Gulf.

A wonderful medicine—Beggs' little giant pills—for weak stomach, impaired digestion, disordered aliment, and all skin diseases Beggs' German salve stands today without a peer. It is an old reliable remedy and if used freely wounds will heal without scar. Be careful to get Beggs' and be sure of a speedy cure. People's drug store.

Frank Cox's feed yard and camp house was a great comfort to the movers during the late cold spell. From twenty to forty persons were clustered around the stove each night, as cheerful as crickets.

For diarrhoea, dysentery, colic, cholera, flux and all summer complaints, nothing is so gentle, soothing and effective as Beggs' diarrhoea balsam. It never fails to give relief and if taken in time will effect a speedy cure. Be sure that you get Beggs', the only remedy with a registered trademark. People's drug store.

James Muskrat, of Afton, would like to trade his farm at Southwest City for town property in Vinita.

A female bootlegger named Tinnie Bradley was held by Judge Don Carlos Saturday, charged with selling whisky at Miami.

John Tolly was fined \$10 and costs by the commissioner Friday for "cussing" John Swain the first day of this month. He is a tenant on Swain's place.

There is no pain or discomfort when Tabler's buckeye pile ointment is used. It relieves that itching increased by scratching. It is prepared with scientific accuracy and professional knowledge, and is the kind that cures blind, bleeding, itching and protruding piles with no pain or loss of time. P. Shanahan.

The recent freeze was considerably more extensive than at first supposed. A great many things in the way of vegetables were frozen, not being sufficiently covered.

The Sisters of Saint Francis, Clinton, Iowa, write under the date of January 21, 1898: About six months ago a very reverend clergyman recommended Regan's Rheumatism Remedy to us as one of our sisters was a severe sufferer from rheumatism. After she had used one bottle she was entirely cured. For sale by P. Shanahan, \$1 per bottle.

One Trotter has decided to clear out and chop into stove wood the pecan grove on the creek back of his residence. Campers persist in burning his fence posts and destroying his timber and it is well nigh impossible to protect it.

Better than Klondike returns. Mr. Floyd E. Wolf, Shippenburg, Cumberland Co., Pa., writes under date of August 9th, 1898: After taking one and a half bottles of Regan's Rheumatism Remedy, I am a well man; I doctored with five of the best doctors in this county, and was in the Pennsylvania Hospital, at Harrisburg for six months, and got relief, but was taken with rheumatism on my return home. For sale by P. Shanahan, \$1 per bottle.

The ladies of the Episcopal guild provided a very nice dinner and supper yesterday, reading from the same a little under \$60.

It is true that others imitate the methods employed in advertising Beggs' German salve, others claim to heal and to cure disease, because Beggs' German salve, the one true ointment, has been so wonderfully successful. But in thousands of cases, as shown by grateful testimonials, Beggs' German salve actually and permanently cures when other medicines fail to do any good whatever. People's drug store.

Some of "the boys"—part of them 10c-50c—went to Chetopa Thanksgiving night on "business," returning at four o'clock next morning.

To Cure a Cold in One Day. Take laxative bromo quinine tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet. Wm. May

Beggs' German Salve is an invaluable remedy for cuts, burns, bruises, scalds, chapped hands, sore nipples, sore lips, eczema, ulcers, chancres, sores, skin eruptions, fever sores and all skin diseases. People's drug store.

Swapped Hats. Wm. Little and Rev. John Cassell took their hats changed at the Episcopal supper Thanksgiving night. [It is unusual for a bank president and a preacher to wear the same size and style of hat.]

Sheep. Dr. E. B. Frayer will receive a shipment of 10000 head of sheep about the 4th of December. They will be put upon full feed and shipped out as fast as the market will admit. They are fat wethers from Midland, Texas, and the reason for unloading here is to break the long haul from that place to the eastern markets.

Beggs' German Salve is used in every house, writes one man from a country town. Entire neighborhoods use it for piles, cuts, burns, bruises and all skin diseases. The fame of its cures necessarily spread from town to town; friends tell friends what Beggs' German salve has done, and the whole people acknowledge its merit, its healing power of allaying pain. People's drug store.

The Southwest City Murder. Arrangements have been made for the surrender of Scott Yergain, the slayer of J. D. Edge, at Southwest City a week ago, and for allowing him bond in the sum of \$6000. A grooved daughter of the murdered man died Tuesday of last week, and it is said the wife is not expected to live. It is a sad case of grief and sickness combined.

Whist Party. A progressive whist party was given by Mrs. D. A. Frayer Friday night, probably the last entertainment that lady's Vinita friends will enjoy at her hands in some time. There were six tables and the playing was very even, three ladies, Mrs. J. C. Anderson, Miss Laura Chouteau and Miss Pan Rydberg for the prize for the lady, and Messrs. N. L. Rider and D. H. Wilson for the gentlemen's. Fortune favored Mrs. Anderson and Mr. Rider.

For Farm For Sale. Will sell or exchange for less place and town property, where well located; will take cattle or hogs. Place is located 3 miles South of Chelsea in Pryor Creek. Contains 800 acres and 400 in cultivation; no hills and is fine land. Has a seven room house, flue, and painted, as fine water as could ask for and plenty of it; also plenty of timber; 1000 apple trees 12 years old and healthy; 300 peach trees bearing, and 250 young walnut trees growing, will be planted; rented for next year. Anyone wanting a farm this size would do well to call, it being my home place. 10-11

## Children's Party.

Mrs. A. F. Chamberling gave a child's party Saturday afternoon to the friends of her little daughter, Dollie, and is assisted by Mrs. Amanda Goodykoon, her aunt. The guests include: Mary Baggett, Mabel Chouteau, Lucille Milford, Mabel Gunter, Mamie Britt, Anna Tibbills, Levia Marris, Flossie Carter, Mary Carter, Nannie Collins, Claude Little, Eva Mellette.

Characteristics. W. H. Tibbills got around a trifle late, but his reasons for thankfulness will be recognized as characteristic: For health; that I am an American; that I have seen my country successful in the greatest war the world ever knew, wherein we neither lost a battle, a ship, a flag, a gun, or a prisoner; that Sharkey, William Corbett; that turkeys are native Americans, grown exclusively for and eaten only by Yankees today.

Trouble on the East Side. Jim Humphrey and Clay Tittle were before the mayor Friday charged with disturbing the peace of "Miss Edith Manchester," and others last night. In the same carousal Joe Davis was somewhat roughly handled and forced to "set 'em up" to the boys, very much against his will. Clay Tittle was hit with a stone and his head badly cut over the eyes. So badly was he hurt that a physician was called to stitch up the wound.

Destitute Family. On the east side of Hill Creek in the old Jack Blevins house there exists a case of destitution that should be relieved without delay. A man, his wife, and mother and a number of children seem to be in want. The man says he is not able to work, or has not been for some time back and is out of the necessities of life. Something should be done to place them in a situation to earn their own living if possible, but their present needs ought to be supplied.

Remarkable Rescue. Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this great discovery at A. W. Foreman's drug store. Large bottles 50c and \$1.00.

Were not Stolen. Dr. France came very near causing trouble Thursday afternoon by having a team that had been tied up all day without food, taken to the livery stable and given a Thanksgiving dinner. The owner came around about night and missed his team. Then he hunted up Bud Ledbetter and gave him an elaborate description of the animals and prepared to advertise them as stolen. Someone overheard the conversation and told the man that his team was in the stable.

Hobbed the Grare. A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost white, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one else but at A. W. Foreman's drug store.

Findings of the Body. The remains of Dr. Straw were sent east Friday evening by express, over the Frisco via St. Louis.

Everything carried by the deceased when he left here Sunday, was found, save his spectacles. The buggy whip, two lap robes and cushion, everything was found before the body. A young man named Duggan, living near the scene of the mishap, found the body, lodged under a drift, while probing with an iron hook.

It is said by those who visited the scene to be somewhat of a mystery how the deceased could have drowned in so small a stream, but he was unable to swim and the buggy evidently capsize, throwing him headlong into the raging torrent with his overcoat and lap robes around him, where doubtless he floundered helplessly and perished within a few feet of the land.

Mrs. T. T. Wimer and a few friends had a floral offering placed upon the remains of Dr. Straw, while the train stood at the depot Saturday evening.

## EDUCATORS ORGANIZE.

Good Results Certain to Follow.

In answer to a call issued by Muskege teachers a meeting was convened at the public school building in that city at 2 p. m. yesterday. Prof. Butler, of the Muskege schools, called the meeting to order. W. A. Caldwell, principal of Worcester academy, Vinita, was elected chairman and Miss Minnie Pratt, of Bacon, was chosen secretary.

After the organization a program was taken up and followed with great interest.

After the close of the evening exercises an hour was spent in social conversation. There was much interest shown in the matter of a permanent organization, and there is no doubt that a permanent territorial educational association will be the result of this meeting.
